

Disposal recommendations

for Hawle products

Sooner or later, each and every product will reach the end of its useful life and should be recycled as sustainably as possible. After its life cycle, each Hawle product shall be disposed of in accordance with the respective national disposal recommendations and waste management acts.

We recommend the following ways of disposal:

Material	Measure
Coated iron	Material recycling of ferrous waste
Elastomers	Energetic recovery
Brass	Material recycling
Polyoxymethylene (POM)	Material recycling / energetic recovery according to material coding
Stainless steel	Material recycling
Aluminium	Material recycling
Plastic materials PE, PP, PS, ABS	Material recycling / energetic recovery according to material coding

We will be happy to advise you in terms of the environmentally sound recycling of our products.
